

## Training Opportunities

This series of workshops is sponsored by the Jefferson County Community Early Childhood Council. The Council is partnering with local organizations to implement a free, community-wide screening project using the Ages & Stages Questionnaire to allow parents and caregivers to have a better understanding of how their children are progressing developmentally and, if needed, connect to services to assist in their development.

For more information on how you can have access to this free service, go to [www.metrounitedway.org](http://www.metrounitedway.org).
