- Cost: Free

Professional Development designed specifically for certified and registered in-home providers like YOU!

The Power of Teacher-Child Interactions - Family Child Care Community of Practice

Every day you interact with children. Your decisions about what to say and do make a difference in their lives. You can enhance children's learning and your effectiveness as a teacher if your "everyday" interactions become intentional and purposeful. We will discuss what powerful interactions are and how to use them, the steps to creating powerful interactions, and the benefits they have for everyone. This monthly Community of Practice is designed specifically for Family Child Care providers. This Community of Practice will be facilitated in collaboration with Darice Hancock and Trish Kite-Hannon. **To learn more, please contact Darice Hancock at Darice-Hancock@4cforkids.com.**
