4-C

2023-2024

Our Mission

Believing that child care is critical to social well-being and economic development, 4-C advocates for an equitable and innovative education system while supporting early childhood professionals who work to meet the needs of families with young children.

YEAR IN REVIEW

5,507 participants
4,472 hours of training

Professional Development for Educators

4-C's Training Department offered professional development opportunities for child care providers via face-to-face workshops, online eCourses, customized on-site workshops, community conferences, and Communities of Practice (monthly cohort meetings), etc. to 5,507 statewide participants who attended 1,377 unique training events where they were provided with a total of 4,472 clock hours of training.

Food Program for Child Care Centers & Homes

4-C sponsored 42 Child Care Centers in the USDA's Child and Adult Care Food Program that received \$1,194,146 in meal reimbursement in return for serving 622,820 nutritious meals and snacks to children in their programs and 63 Family Child Care Home Providers that received \$535,308 in meal reimbursement in return for serving 259,535 nutritious meals and snacks to children in their programs.

\$1,729,454 meal reimbursement
882,355 nutritious meals and snacks

Head Start Coaching Services

4-C, working under a contract with Family & Children's Place, provided the Greater Louisville Head Start program -- a free program that helps nearly 400 families each year by enhancing each child's growth and development, strengthening parents' ability to nurture their child, connecting families with needed community resources, and providing children with educational, health, and nutritional services -- with various coaching and professional development services in several partner child care centers around Louisville this year.

Family Child Care Network

4-C is one of five agencies in Kentucky tasked with supporting and recruiting family child care providers to build and protect the unique care offered by child care providers in their homes. Our staff offer support and resources throughout the application process, assist with grant applications, and develop professional development opportunities specifically designed for family child care providers under this contract with Western Kentucky University.

Advocacy

4-C maintains a pro-active public policy program, with the goal of influencing local, state, and national child care policies and serves as a voice for children and families. We carry out these program goals by identifying and developing resources for families and child care programs; partnering with business, government, and communities to demonstrate that child care is critical to social wellbeing and economic development; and collecting, developing and disseminating information about child care programs.

Help for Families

4-C's Information and Referral program matches parents seeking child care with local child care providers that meet their family's needs. Our website provides 24 hour access to valuable tools and information about child care services, news, advocacy alerts, and abuse prevention, among others.

Child Care Business Aids

4-C offers Shared Services to a few local child care programs, providing them with a wide range of financial management, human resource, and administrative supports. In addition, we offer access to the KY Shared Services on-line resource platform that currently serves over 700 members in Kentucky counties all over the Commonwealth.

IMPACT STORIES

Tiffany Woolfolk
Infant Teacher at Keystone
Learning Academy

“ This training has helped me build better relationships with my children because I approach our relationships with far more patience and understanding.

“ We've been partnering with 4-C through the CACFP since 2013. I get super excited to purchase all sorts of healthy foods for the children and never have to worry about the cost. This program is truly a blessing!
